GENERAL MANAGEMENT SYSTEM

STRATEGIC PLANNING AND THE GENERAL MANAGEMENT SYSTEM:

The County’s strategic planning process is an ongoing activity. We revisit our Strategic Plan annually and make adjustments, as necessary, to ensure that the priorities articulated in the Strategic Plan reflect the changing environment, economy and community needs. The Strategic Plan is the first element of the County General Management System (GMS), an annual five-part cycle that is a disciplined approach to managing government for maximum efficiency and effectiveness. For more information about this award-winning system, visit www.sandiegocounty.gov/cao.html.

As the first step of the GMS, the Strategic Plan outlines the County’s priorities identifying where we want to be in five years and the goals we have set for our organization and the community. Exactly how we will get there is discussed in the County’s Operational Plan, or budget document, which is the second step of the GMS. The Operational Plan includes the concrete steps that County departments will take to assign resources and staff toward achieving the priorities and goals laid out in the Strategic Plan.
